

Montclair Art Museum Seeks Docents!

What is a docent?

The word docent means to teach and most docents serve as guides in museums. MAM's docents serve on a volunteer basis and act as a vital link between the Museum's collection and the public.

Are you interested in becoming a docent at the Montclair Art Museum? This intensive training program will give you a behind-the-scenes look at an art museum and provide you with a thorough introduction to MAM's collection. The training will include museum techniques and education strategies for engaging a variety of visitors in meaningful explorations of works of art in the collection and special exhibitions.

- **Training begins in September**
- **Application deadline July 15**
- **Acceptance notification August 2**
